Range Improvements coming!

The Board of Directors has decided that it is time to expand the action range. With the expansion, the club will be eliminating some trailer spaces. Those currently in spaces A009-A025 and A048-A075 will be moved if possible. If the items stored on said spaces are not currently usable they may need to be removed from the property. There are many items being stored on the property that are commercial in nature, run down and not usable, or haven't been used in years. While the club is a convenient and inexpensive place to keep said items, many of the items are in such disrepair that it is the Board's opinion that they should be removed from the property due to fact that they are just sitting and rotting. The rental agreement states that the club can choose to not renew the space rental agreement. If you currently have a rental space in the above section please contact the general manager. There are limited spaces to move your trailer(s) and/or container(s) to.
